solutions from design to
implementation and service.

CONCEPT

Delivering on our Promise
Adhering to ethical business
practices.

AWARDS

Been awarded by DAIKIN
Year on Year for Excellent
Sales & Service.

O U R PRODUCTS

ROOM AIR CONDITIONERS

Split Air-Conditioners

Get the best-in-class air conditioning experience with a wide range of split air conditioners with 10 Years warranty on compressor by Daikin.

Ductable Air-Conditioners

With a wide range of ductable air-conditioners, get the best cooling solutions for your office, hotels, hospitals and home.

Cassette Air-Conditioners

A cassette type of air conditioning unit is usually installed on the ceiling. It is designed to deliver high cooling effect without a ducting provision.

VRVs

VRV or Variable Refrigerant Volume is a revolutionary technique used in large buildings or commercial centres. VRV's are capable of cooling/heating each room in the building individually.

Chillers

With a comprehensive range of chillers, Daikin is poised to power up various mechanical cooling process applications across different industries.

Refrigeration & Cold Storage Equipments

Air Handling Units (AHU)

We ensure optimal climate conditions by providing a fresh, healthy, and comfortable environment for **Hospitals, Research Centres, Convention Halls, Marts, Retail Space, Operation Theatres & Large Areas**

Ventilation

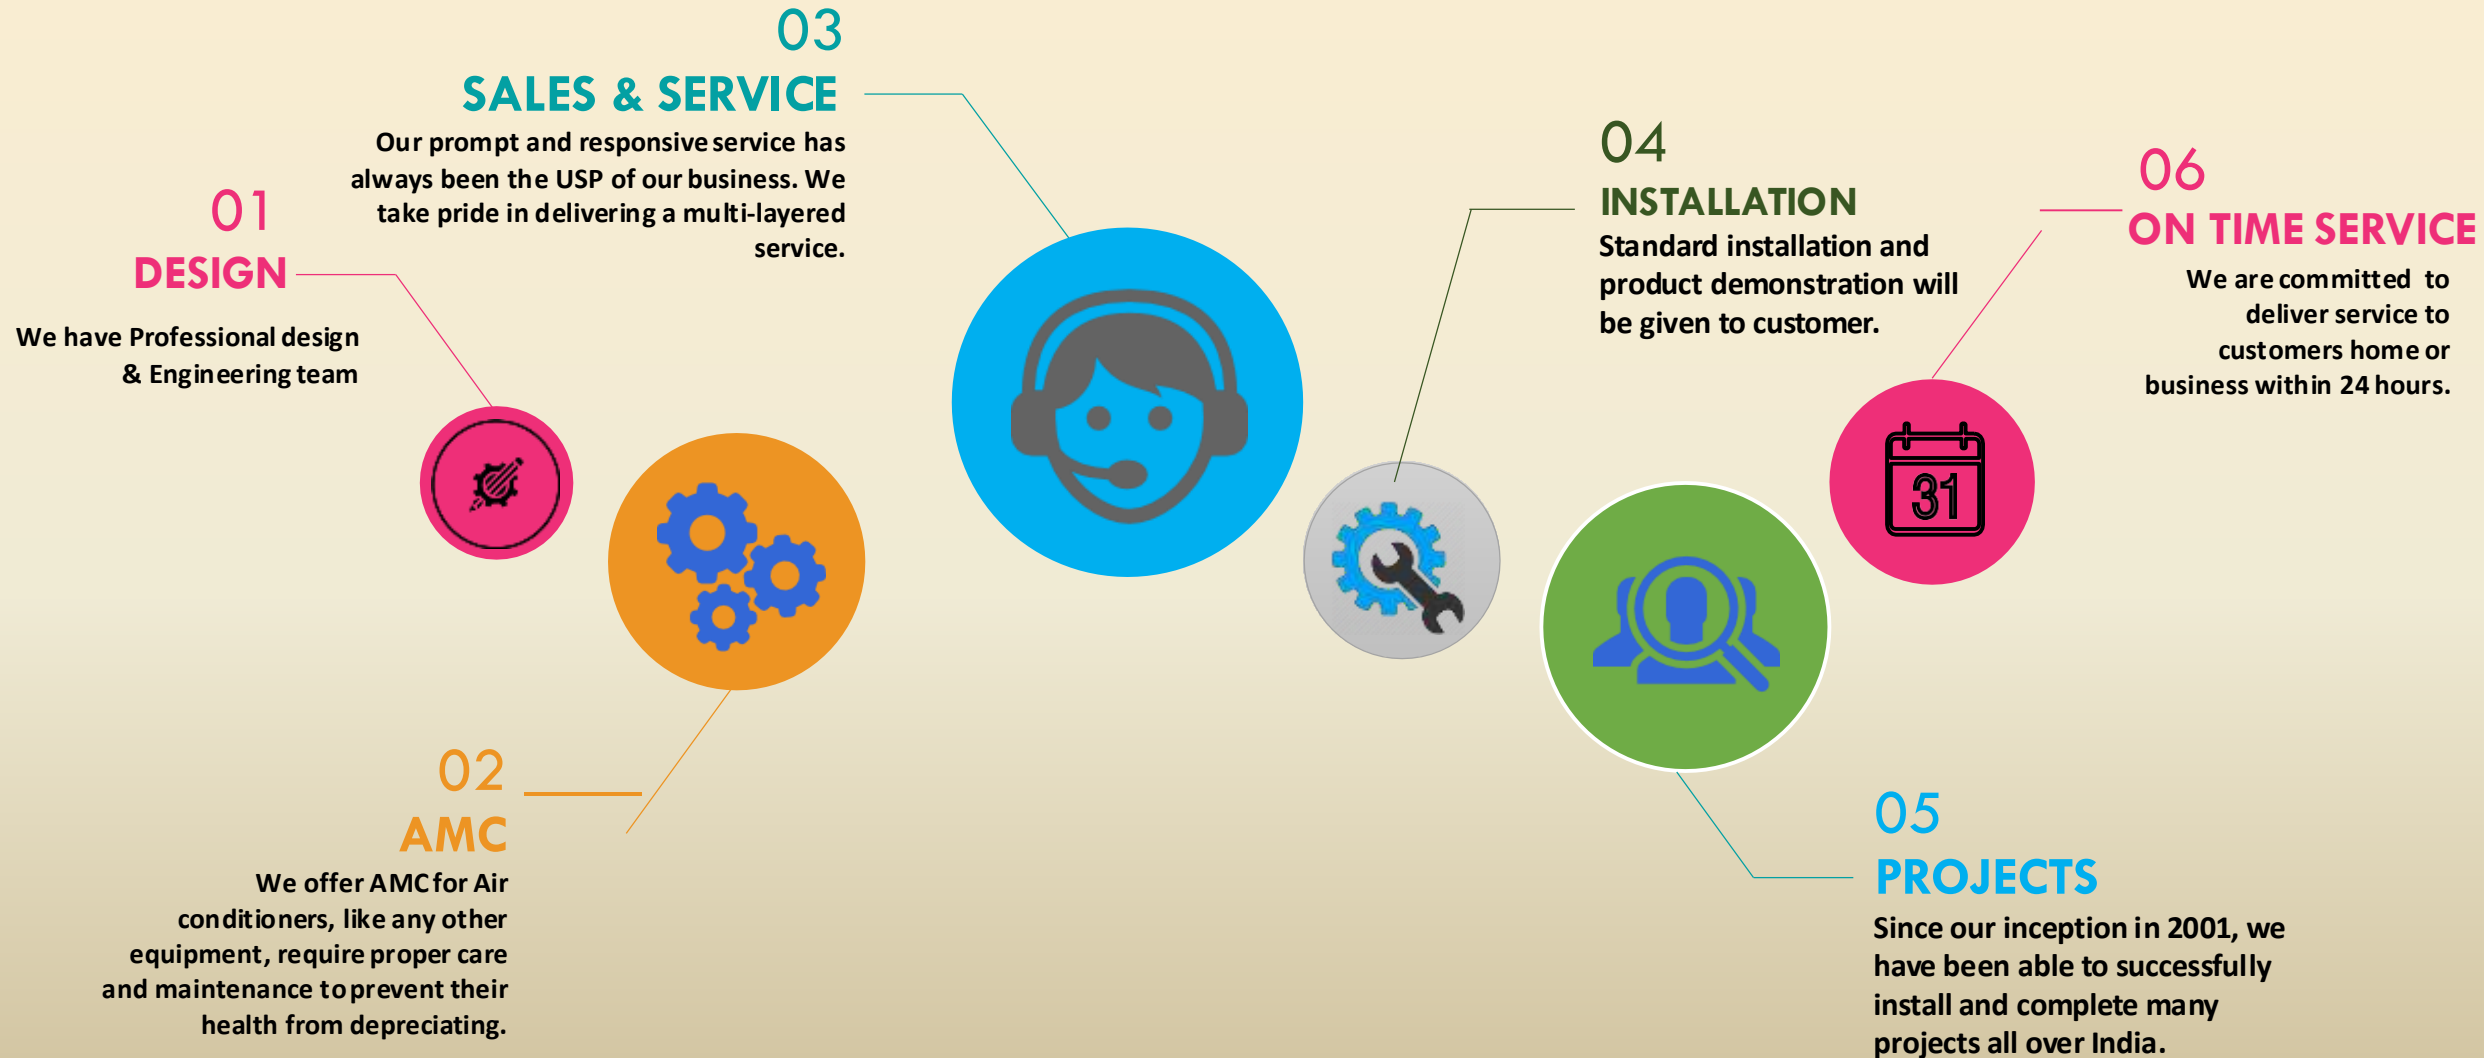

It is Necessary in NON Air Conditioning places like Basement, Warehouses, Kitchen & Washrooms for any air conditioning design. It is the only medium of air exchange and removes bad odors, heat, bacteria and pumps in fresh air into the building.

Air Purifiers

In today's fast paced world, Air Purifiers are a must. Air filtration is essential for maintaining optimal air quality. Mostly Air Purifiers are used in Closed rooms like Home Theatre rooms, Gym etc.
